International Nurses Day 2019

Spire Elland Hospital celebrated **International Nurses Day** on 12 May 2019. It was a wonderful opportunity to thank the staff for all their hard work and dedication to providing excellent services all year round. The staff embraced the celebration and enjoyed a cream cake or two. Once again many thanks to all our committed staff.

Operating Department Practitioners Day 2019

In May we celebrate **Operating Department Practitioners Day** here at Spire. It's a great opportunity for staff to come away from behind the closed doors of theatres and remind us how crucial they are to our team.

The service and care they show towards our patients is impeccable and this day provides a great opportunity to say thank you once again.
