How to refer your patients

At Spire Hull and East Riding we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01482 672 412**.

- 1 Use Spire Connect to upload the referral letter. Call **01482 672 412** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01482 672 444** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

Spire Hull and East Riding Hospital provides a range of elective surgical services on behalf of the NHS, including orthopaedic and general surgery. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system (<https://www.ebs.ncrs.nhs.uk/>).

Referral letters

Private referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Emailed with encryption to spire.hullclinicappointments@nhs.net

Self-pay patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01482 672 412**

Email: **info@spirehull.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment
- Weight loss surgery

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Hull and East Riding Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS eReferral service (<https://www.ebs.ncrs.nhs.uk/>).

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Carris Kirby on **07841 342 935** or **01482 672 4148** or at carris.kirby@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

[How to find out about our events](#)

Search '**Spire Hull and East Riding GP Education**'

Call our Primary Care Team on **07841 342 935** or **01482 672 414**

Email us at

hullhospprimarycareevents@spirehealthcare.com

Spire Hull and East Riding Hospital is pleased to be able to continue supporting your professional development and we are offering free ongoing clinical education by virtual classroom via Zoom.

The programme could not have been developed without your valuable feedback keeping topics current and relevant for our primary care colleagues.

For our latest events please visit:

<https://www.spirehealthcare.com/spire-hull-and-east-riding-hospital/healthcare-professionals/>

GP support

Spire Hull and East Riding's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Care Team

Our Primary Care Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Hull and East Riding Hospital.

The team can be contacted on:

Phone: **07841 342 935** or **01482 672 414**

Email: **carris.kirby@spirehealthcare.com**

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment.
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment.
- Treatment of complications*

Patients can contact the team on:

Phone: **01482 672 412**

Email: **info@spirehull.com**

*Spire Healthcare patient terms and conditions apply.

----------------	---------------	----

Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

Looking after you.

Welcome to Spire Hull and East Riding Hospital

The hospital is located over three sites, Spire Hull and East Riding, Spire Hesslewood Clinic and Spire Lowfield Clinic. The main hospital in Anlaby has four theatres, all with laminar flow. There are 10 outpatient consulting rooms along with an imaging suite which consists of static MRI and CT, Digital mammography, Ultrasound and X-ray. We have a two bed extended recovery unit and 34 en-suite patient bedrooms along with a five bedded unit in the Wilberforce Suite.

The hospital is registered with all the major insurance companies and is Bupa approved for breast, bowel and cataract pathways. Parking is free on all sites for patients, consultants and visitors. Spire Hesslewood Clinic is located on the Hesslewood Business Park only a short drive from the main hospital. Spire Hesslewood has six consulting rooms and two ambulatory day case theatres. Spire Lowfield Clinic is located opposite the main hospital and hosts our outpatient physiotherapy, Bupa Health Assessment Centre, Cosmetic Suite, onsite Pathology Lab and three consulting rooms.
