At Spire Bushey Hospital we strive to provide the very best care for patients in a safe, professional and comfortable environment, caring for them as if they were part of our own family.

Darren Rogers, Hospital Director at Spire Bushey Hospital

About Spire Bushey Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire **Bushey** Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- 24 outpatient consulting rooms with four treatment rooms
- 76 patient bedrooms, 64 en-suite and 12 daycare rooms
- Radiology: MRI, CT, Cardiac CT, ultrasound and general radiology
- Specialist diagnostic outpatient centre close to the main site, with consulting rooms, imaging facilities, pharmacy and phlebotomy
- Physiotherapy: including a hydrotherapy and gym space to enhance rehabilitation and recovery
- Six theatres, four with laminar flow, operating six days a week
- BUPA approved breast, prostate, bowel and MRI unit
- Macmillan accredited Elstree Cancer Centre
- Free on-site parking
- On-site pharmacy
- State-of-the-art CT scanner
- A Resident Medical Officer (RMO) on site 24 hours a day

How to refer your patients

At Spire Bushey we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **020 8901 5505**.

- 1 Use Spire Connect to upload the referral letter.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **020 8901 5555** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Bushey Hospital provides a range of elective surgical services on behalf of the NHS. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system (<https://www.ebs.ncrs.nhs.uk/>). Our aim is to make the referral process as quick and easy as possible.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to busheyhospinpatientbookings@spirehealthcare.com

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **020 8901 5505**

Email: **info@spirebushey.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment
- Weight loss surgery

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Bushey Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS eReferral service (<https://www.ebs.ncrs.nhs.uk/>).

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

GP education

We will be hosting a variety of educational events during 2024 which will count towards your continuing professional development (CPD).

Please check the GP information and resources section of our website at www.spirebushey.com for details of the 2024 itinerary and how to secure your booking.

Educational seminars

- Presentations from our consultants on their area of sub-specialty expertise
- Case study discussion and open question and answer format to give you a rounded view of the topic
- Network with peers
- We send you an agenda and instructions of how to book before each event. If you do not receive this and you would like to attend, please feel free to contact us to book a place

'Lunch and Learn' at your surgery

- A Spire Bushey consultant presentation in your surgery
- Select a topic of your choice at a time that suits you
- Allocated time to discuss specific patient case studies
- Light lunch and refreshments brought along to your surgery

To book a place on any of our educational seminars/'Lunch and Learn' sessions or to find out more about these events please contact:
Tina Moss, Events Executive **020 8901 5536**
tina.moss@spirehealthcare.com

GI, GU, gynaecology, haematology, thyroid, oncology, pelvic floor imaging, USS, MRI, CT, EUS, CT, colonoscopy, neck biopsy/FNA.

NHS trust base: Royal Free London

Appointments: 020 8901 5566

Dr Muhammed Affan Zamir

Musculoskeletal, cardiac, gastrointestinal and genitourinary. Complex thoracic and abdominal biopsies, fine needle aspirations, embolisation, oncological and hepatobiliary intervention and musculoskeletal intervention such as joint injections.

NHS trust base: West Hertfordshire Hospitals NHS Trust

Appointments: 020 8901 5566

Respiratory

Dr Andrew Barlow

Unexplained cough, asthma and airways disease, bronchiectasis, pulmonary infection, sarcoid, allergy and sleep medicine.

Diagnosis and staging of lung cancer. Interventional techniques including standard bronchoscopy, radial EBUS (Endo-Bronchial Ultrasound), standard linear EBUS, EUS-FNA (esophageal ultrasound-guided fine needle aspirate) of mediastinal masses/nodes, liver metastases and left adrenal gland. Pleural disease and pleural intervention including thoracic ultrasound, pleural drainage, IPC insertion and pleurodesis.

NHS trust base: West Hertfordshire Hospitals/Royal Brompton and Harefield

Location: Spire Bushey Hospital

Clinic times: Mon afternoon, Tue evening

Appointments: 020 8901 5555

Dr Julius Cairn

Chest medicine, COPD, cough, asthma, lung cancer, bronchiectasis, respiratory infection, interstitial lung disease, obstructive sleep apnoea.

NHS trust base: West Hertfordshire Hospitals/Royal Brompton and Harefield

Location: Spire Bushey Hospital

Clinic times: Tue afternoon

Appointments: 020 8901 5555

Dr Dean Creer

Chest medicine, chronic cough, breathlessness, asthma, COPD, chest infections, latent and active tuberculosis, bronchiectasis, bronchoscopy and lung cancer screening.

NHS trust base: Royal Free London

Location: Spire Bushey Hospital

Clinic times: Fri morning/afternoon

Appointments: 020 8901 5555

* indicates alternate weeks

Dr David Evans

Chest medicine, COPD, asthma and airways disease, infection, lung cancer, sleep medicine and bronchiectasis.

NHS trust base: West Hertfordshire Hospitals/Royal Brompton and Harefield

Location: Spire Bushey Hospital

Clinic times: Wed morning

Appointments: 020 8901 5555

Dr Ash Husain

Asthma, COPD, chronic cough, respiratory infections and cancer, bronchoscopy.

NHS trust base: Royal Free London

Location: Spire Bushey Hospital

Clinic times: Wed afternoon

Appointments: 020 8901 5555

Dr Rama Vancheeswaran

Chest medicine, COPD, asthma and airways disease, lung cancer, respiratory and general allergy.

NHS trust base: Royal Free London

Location: Spire Bushey Hospital

Clinic times: Wed afternoon, Sun morning

Appointments: 020 8901 5555

Rheumatology

Dr Krishnan Baburaj

General rheumatology, rheumatoid arthritis, gout, soft tissue disorders, osteoarthritis, back pain, osteoporosis, connective tissue diseases.

NHS trust base: West Hertfordshire Hospitals

Location: Spire Bushey Diagnostic Centre

Clinic times: Tue morning

Appointments: 020 8901 5555

Dr Sundeep Bhalara

Inflammatory arthritis, connective tissue disease, soft tissue disorders, osteoporosis.

NHS trust base: West Hertfordshire Hospitals

Location: Spire Bushey Diagnostic Centre

Clinic times: Mon afternoon, Fri morning

Appointments: 020 8901 5555

Dr Anthony Isaacs

General rheumatology, rheumatoid arthritis, gout, psoriatic arthritis, myositis, soft tissue disorders, osteoarthritis, connective tissue diseases.

NHS trust base: London North West University Healthcare Trust

Location: Spire Bushey Diagnostic Centre

Clinic times: Fri morning

Appointments: 020 8901 5555

Dr Richard Keen

Osteoporosis, Paget's disease, bone disorders, calcium metabolism.

NHS trust base: Royal National Orthopaedic Hospital

Location: Spire Bushey Diagnostic Centre

Clinic times: Thu evening

Appointments: 020 8901 5555

Dr Rapti Mediwake

General rheumatology, soft tissue /joint injections, osteoarthritis, gout, inflammatory arthritis, connective tissue disorders, osteoporosis, vasculitis, general medicine out/inpatient care.

NHS trust base: Royal Free London NHS foundation Trust

Location: Spire Bushey Diagnostic Centre

Clinic times: Wed evening, Sat morning

Appointments: 020 8901 5555

NHS trust base: Private practice only

Location: Spire Bushey Diagnostic Centre

Clinic times: Wed afternoon

Appointments: 020 8901 5555

Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

Spire

Bushey Diagnostic Centre

Spire Bushey Diagnosis Centre.
Fast access to leading consultants,
seven days a week.

Spire Bushey Diagnostic Centre
is located on Centennial Park in
Elstree, less than two miles from
the main hospital site.

The impressive two-storey centre offers:

- 14 purpose-designed consulting rooms
- The very latest imaging technologies including a high specification MRI scanner and ultrasound
- Associated treatment rooms
- Outpatient diagnostic clinics
- Walk in phlebotomy and X-ray service

The centre also offers an out-of-hours GP service, offering weekday evening and weekend morning appointments to cater for those with a busy lifestyle.
